SHIRLEY

New Items.

The ball team from Camp Devens arrived late Thursday evening and the game was called at the close of the sixth inning on account of darkness. Shirley had piled up seven runs while the camp team had not scored one. In the sixth inning a batter from the camp was hit by a pitched ball and fainted, but was able in a few minutes to walk off the field.

Arthur Desmond has entered the New England School of Dentistry at Providence. He writes of meeting a former "buddy," who is taking the same course.

Peaches

HARVARD FRUIT FARM

takes pleasure in announcing a wonderful crop of peaches for 1921. The season will start about July 26 and run almost continuously until October first. During this period thousands of baskets of the choicest varieties, such as Carman, Belle of Georgia, Crawford and Elberta, will be on sale at the farm.

Don't waste your money on Southern peaches picked green and shipped hundreds of miles. Wait for those luscious white and yellow freestones ripened on the trees.

WHAT OUR SERVICE MEANS TO YOU!

A business, like a person, should cultivate a personality peculiar to itself. A business to be progressive must be different.

So in our business, we aim to make it distinctive. We want to give "a little more" rather than "a little less" service. We want to serve you after we have sold you. And when we sell you, our guarantee is—Absolute Satisfaction.

Behind our professional fitness are wide experience and thorough training, the results of which are best testified to by the hundreds of people we have served to their entire satisfaction.

Trust your Eyes to us. You owe them the best possible service obtainable.

WESTFORD

Center.

The regular correspondent for Westford Center has resumed the work again and bespeaks the same pleasant co-operation as heretofore. Telephone personals and other items of interest and help make the column accurate and readable and interesting.

Misses Gertrude and Julia Fletcher and two young lady friends, the latter from North Chelmsford, returned Wednesday evening from a three-days' trip to the Mohawk Trail and other points of interest. The party went in Perley E. Wright's car, the last of the driving. Good weather and good roads helped make a most enjoyable trip.

Westford people represented among the Cape Cod summer colonies are Mrs. Julian A. Cameron, Misses Elinor and Marjorie Cameron at Hyannisport, Mr. and Mrs. Walter E. Wright at Hyannis, and the Donald M. Camerons at North Brewster.

J. Herbert Fletcher and John G. Fletcher returned the first of the week from a three-days' trip to Farmington, N. H.

The Board of Trade met at the town hall on Thursday evening of last week with President W. C. Rouds presiding, and A. R. Tuttle in the secretary's chair. Some items of business were acted upon and L. W. Wheeler gave an informal talk of his recent automobile trip to Denver, Col. The speaker gave some account of the various states and cities passed through, their road conditions, industries, crops, flowers, birds, etc., and of the many and beautiful sights in and around Denver.

Good shipments of raspberries and blackberries have been sent to the Boston market this week. In fact more blackberries than for some seasons. The short apple crop makes pretty light shipments of early apples for this apple-growing town.

The reading circle of the Tadmuck club, after a period of quiescence, resumed its monthly gatherings at the home of Mrs. George F. C. Rouds on Monday afternoon. Miss Mabel Drew as chairman. Four one-act plays from "Representative one-act plays from American authors" were enjoyed. Future meetings for the third Monday afternoon of each month were planned. The next meeting to be at the home of Mrs. Harold W. Hildreth.

Mr. and Mrs. Herbert V. Hildreth and Mr. and Mrs. Herbert E. Fletcher have returned from a pleasant vacation in Maine.

Mrs. Harold W. Hildreth and baby daughter are spending two weeks with Mrs. Hildreth's parents, Mr. and Mrs. George Lawrence, at their farm in Northboro.

Miss Hazel B. Hartford is spending a two-weeks' vacation at her home here.

The Westford baseball team was defeated at Chelmsford on Tuesday evening by the score of 7 to 1.

Westford was well represented at the first annual picnic of the Middlesex County Farm Bureau, held on the grounds of the Middlesex school, Concord, Wednesday. Among those in attendance were Mrs. A. M. Buckhorn, Fisher Buckhorn, Mrs. John Feeney, H. M. Gumb, Mr. and Mrs. H. G. Osgood, William E. Pollock and family, Mr. and Mrs. E. C. Wright, Fred A. Burbeck, Mr. and Mrs. L. W. Wheeler and Mr. and Mrs. Harry Nesmith. It was an interesting day of good weather, music by the Chelmsford band, motion pictures of the crowd, sports, speaking and dinner hour.

The young people tripped the light fantastic to good music last Friday evening at the town hall, and a very pleasant summer dancing party is reported.

Mrs. Helen W. Leighton was in town this week, visiting relatives, driving over from Dunstable in her Dodge automobile.

Bertram Sutherland returned from the Lowell General hospital on Wednesday after a two-weeks' stay as an operative patient.

Miss Lillian Sutherland is at Bethlehem, N. H., for three weeks.

Mr. and Mrs. William Woodard are spending the week-end at Mrs. Albert Richardson's. Mr. Woodard was the principal of the academy for several years and is now at Rockport.

Invitations are out for the marriage on July 31 of Miss Mildred Farrott, of Lowell, to George E. Perkins.

Electric lights and a bathroom are being installed in the cottage on the firehouse lot, occupied by Clarence Hildreth, as it was voted to do at town meeting.

Genevieve and Cyril Blancy have returned home from the Lowell General hospital where they had their tonsils and adenoids removed.

Mrs. E. E. Campbell and children, of Townsend, spent Sunday at the home of Mrs. John Felch.

Miss May E. Day spent a pleasant Sunday at the home of Rev. and Mrs. Howard A. Lincoln, of Winthrop, during her attendance at Simmons college. Mr. and Mrs. Lincoln send pleasant greetings to their friends.

Mr. and Mrs. Frederick Smith are occupying Mrs. Hammett Wright's apartment during her absence for the summer.

Mr. and Mrs. William E. Anderson and son returned last week from a three-weeks' trip to Virginia.

About Town.

Miss Dorothy Bunce has completed a stenographic course at the Lowell Commercial college, and is now employed in the office of T. C. Entwistle Co., of Lowell. She will be pleasantly remembered to her father, Henry and Rosa (Polly) Bunce, former well known residents of this town, now living at Chelmsford Center.

Ralph P. Cutting has bought the standing grass on the W. R. Taylor farm on the Stony Brook road.

Paul Smith has his new bungalow on the Lowell road nearly completed.

Frank C. Drew is having his barn shingled. This is the longest and handsomest barn in the Stony Brook Valley and many other valleys and hilltop farms.

The town teams are repairing the cradle holes on the Lowell road. The automobilists move a vote of thanks and the writer seconds the motion. It seems to be unanimous.

Nabassett is still the picnic resort for many Lowell parties and other parties. Several were held there last week and more are planned and unplanned by the weather.

The Boston Globe of Wednesday has a picture of our former Congregational pastor, Rev. C. W. Marshall, who is now living in Plymouth. The picture represents Mr. Marshall in the role of Elder Brewster, which part he admirably performed in the Pilgrim pageant at Plymouth this week in honor of the tercentenary of the Pilgrims.

Obituaries.

William Bunce died at his home in Worcester on Monday, aged eighty-four years. He was born in Westford at the well known Bunce farm. His parents, Eliza and Priscilla (Wright) Bunce, were well remembered residents of the town for many years. He was educated at Minot's Corner school and Westford academy, and later taught school at the old Stony Brook school in ye olden days of ye old brick schoolhouse. The school was ungraded and ranged all the way from a b c to cube and square root, but Mr. Bunce was an apt teacher and remarkable in his gift of meeting the requirements of all grades. He was a gallant soldier of the civil war, enlisting in the 11th Illinois regiment. He was severely wounded, the bullet in his body during his life time. His wound resulted in his being a semi-invalid. He was a splendid man of staunch New England principles, literary in his tastes. The deceased was a brother of the late Augustus Bunce. He leaves a wife and three children and two sisters, Misses Maria and Carrie Bunce, of Lowell. The funeral was held on Thursday from his late home.

Edward O. Fifield died at his home in Milford, N. H., last week. For several years he was engaged in the manufacturing of boxes in Tyngsboro, in 1891 moving his business to Nashua, N. H., which is still in operation, and another plant at Wilton, N. H. He represented the town of Lee in the New Hampshire legislature in 1917. While in Nashua he held many important offices. He was prominent in all Masonic organizations up to and including the 32° degree, being a past officer of each, including past commander of St. George Commandery of Nashua and past grand high priest of the grand chapter and past master of the grand council of New Hampshire, and for many years he was treasurer of Ancient Work lodge, A. F. and A. M., of Nashua. Besides his Masonic affiliations he was a member of Custos Morum lodge, I. O. O. F., of Nashua, and the first Baptist church of Milford.

The deceased was born in Hopkinton, N. H., on August 25, 1848, and educated in the public schools of Londonderry, N. H. He was an occasional visitor in Westford. His father, Capt. George E. Fifield, was a resident of Westford for several years, buying a tract of land fronting on the Stony Brook highway, and building a house of four buildings and a bell on the barn after his custom at Londonderry. The farm is now owned by W. R. Taylor. The late George H. Fifield, who owned for several years a small place on the Lowell road, was a brother. He was married twenty-five years ago to Miss Grace Hopkins, of Nashua, who survives him; also, a sister, Mrs. Fannie Colson, of Salem. The late Mrs. Carrie Fifield Woods was his niece.

Graniteville.

The Abbot Worsted Co. club visited Hudson on last Saturday and met with defeat at the hands of the Hudson town club by the score of 5 to 3. Morrill and Deancourt did the battery work for Hudson, while Williams, Duggan and Liston were in the points for the Abbot. On Saturday, July 23, the Abbot club will play on the home grounds at Graniteville, when they will have for opponents the fast Bennett A. C. club of Boston. The Bennetts were defeated by the Abbot by a 1 to 0 score on their last appearance here and the game next Saturday promises to be equally as interesting. Game called at three p. m.

Mrs. Ellen Murphy with her grandson, Francis Murphy, of Manchester, N. H., have been recent guests of Mr. and Mrs. H. J. Healy here.

The members of the Brotherhood with invited guests held a very pleasant outing at Long pond, Littleton, Wednesday evening of last week. Swimming and running races were much enjoyed and before the home-ward trip was taken an excellent lunch was served. The affair was in charge of the president, C. M. Sawyer, assisted by an efficient committee.

Mr. and Mrs. Daniel Stover of Lisbon Falls, Me., have been recent guests of Mr. and Mrs. J. Ellsworth York.

Many of the baseball fans accompanied the Abbot club to Hudson on last Saturday.

A large number of the Graniteville people attended the St. John's parish picnic at Lake Nabassett last Saturday.

The Abbot Worsted Co. band furnished excellent music for the Lamson Co. outing at Canobie lake park on last Saturday.

Miss Lena Healy of Chicago is now spending her vacation at the home of her parents, Mr. and Mrs. Peter Healy, here.

Mr. and Mrs. William Peters of New Bedford are now spending a few weeks with Mrs. Peters' parents, Mr. and Mrs. Thomas Rafferty, in East Groton, near the Westford line.

HARVARD

News Items.

Last Tuesday morning Miss Anna Brough, of the Canning club, Roy Houghton, of the Garden club, and Lawrence Bigelow, of the Chicken club, started for a two-days' camp at Amherst college. Mrs. Olive Bryant took them by auto as far as Fitchburg, where Lewis Harrington met them, where in company with the rest of the party they went by auto to Amherst.

The officers of the Canning club are Grace Nigler, pres.; Pauline Pomeroy, vice pres.; and Josephine Reale, sec.

Regular church services will be held on Sunday morning at both churches. At the white church the chorus choir will sing, assisted by Mr. Boynton and Miss Scorgie.

On Thursday, July 28, the Evangelical Congregational church will

observe its 100th anniversary. Elaborate preparations are being made to make it a day to be remembered. At 10.45 there will be a devotional service. Former pastors of the church will be guests and assist the pastor, Rev. A. W. Dyer. A chorus choir, assisted by Mrs. Madeline Parker Sargent, soprano, and Charles N. Polard, organist, will sing some of the old hymns and anthems. At twelve o'clock a dinner will be served at the town hall, after which there will be speaking by out-of-town guests. The party will then march to the church, where a reception and general good time will pass the afternoon. Efficient committees are at work on all the details and a big day is assured.

Last Saturday the young people's class were given an auto trip to Methuen. They visited the Memorial chapel designed by LaFarge and Morrish, Park, Mr. Egerton, Mrs. Cobb and Mrs. Bryant furnished the auto. The young people each invited a guest and all had a wonderful time.

The Harvard A. A. play against the Shirley A. A. on Bromfield grounds at three o'clock this Saturday afternoon. Last Saturday the local team played the Vose Hollingsworth team at Bromfield. They found in this team a hard customer, but held them down to five runs. It was a great game, both teams playing ball every minute. The umpires were right on the job, too. The score was 5 to 2 in favor of the Vose team.

The Harvard Fruit Farm is surely a wonderful sight with its hundreds of baskets of peaches coming on. Mr. Babcock is making every preparation for handling a bumper crop. He expects to start picking the last of next week.

A Pleasant Outing.

The Boys' and Girls' Extension Service clubs enjoyed a day's outing last Saturday, twenty-seven of the members going by auto to Lunenburg, where they were taken over some large poultry farms, visiting one where there were 2000 chickens, some of these pullets being nearly full grown. They then visited a model market garden farm and then a large dairy farm. After completing their observation trips they were taken to Whalom Park, where they enjoyed all the excitement of this resort. A basket lunch was served. Mrs. West and Mr. Harrington had charge of the trip. On their return the entire party were invited to the home of James Murchie in Lunenburg. Mr. and Mrs. Murchie, formerly of Harvard, enjoyed meeting their friends and treated them all to fruit and lemonade. On leaving the young people gave three cheers for Mr. Murchie and family.

Some of the interesting things the boys and girls will remember was 7000-egg incubator plant and a modern refrigerating plant where Mr. Fish, the owner of the dairy farm, made a small cake of ice for their entertainment.

Moving Pictures.

This Saturday at the town hall the feature picture will be Bebe Daniels in "You can never tell" from the Saturday Evening Post story of the same name by Grace Lovell Bryan. Rowena was bitterly unhappy. Her folks had just been dispossessed from their humble tenement because they could not pay the rent—fifty dollars a month. And in the fashionable hotel where Rowena worked as a check-room girl, she saw people pay fifty dollars for one little dinner party. A fifty dollar bill meant so little to these idle rich—so much to the poor Jones family. What does fifty dollars mean to you? Much or little? Whether you are rich or poor you will enjoy seeing Bebe Daniels in this fascinating comedy, "You never can tell." Fourth chapter of "Velvet fingers" and Pathé news.

LITTLETON

News Items.

Three members of the A. L. Auxiliary went to Dr. Ayers' hospital in Groton recently and carried magazines, cigarettes, candy, jellies, etc., to the soldiers. Some of the members will go every two or three weeks with supplies of goodies and literature and will be pleased with contributions also from any interested friends outside of the auxiliary. These supplies should be given to Mrs. E. A. Adams, president, or other members of the organization, who will see that they are given to the boys in khaki.

Miss Emma E. Tenney has resumed her duties as organist and choir director at the Baptist church.

Mrs. Herbert A. Childs has recovered from scarlet fever.

Charles L. Smith is taking a week off and enjoying the bracing air of New Hampshire hills. His son, Charles L. Smith, Jr., is taking his place in the store.

Miss Miriam Conant is at home for the present.

THE
U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. What selling less than the other tires the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots," "seconds," "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

"Here is a man in close touch with one of the 92 U. S. Factory Branches"

of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer—not the bargain hunter.

To the man who has not yet learned the standard tire service he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U. S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for current demands. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a par quality tire at a net price.

The company will start immediately to operate the plant. The usual line of products at this plant will for the most part be continued. The Avery Chemical Co. has been for years the largest producer of lactic acid in the world and its product has had an international market and reputation. The new company plans to specialize in the lactic acid for which there is a rapidly expanding demand. The incorporators and directors are George Stevens, Charles H. Hobson, Percy Guille, Thomas Burke, John H. Murphy and Robert F. Marden. George Stevens is president and John H. Murphy is treasurer.

The officers of the Wamest Chemical Co. will be established at the plant. The old Boston office of the Avery Chemical Co. has been closed and transferred to the plant.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

Miss Leona Cockerell, of Brockton, is making an extended stay at the home of Irving Seaver. About nine years ago she made her home with the Seavers.

Cards have been sent out announcing the marriage of Evelyn Sanders to Serg. George Pasco of Camp Devens. The ceremony was performed by Rev. William Hodge at the home of T. T. Goodwin. The bride was attended by her sister, Miss Hattie Sanders. After a wedding trip they will make their home at Camp Devens.

Mr. and Mrs. George Kendall, who have been spending their vacation camping in Rindge, N. H., have returned home.

Mrs. William MacMaster and daughter Marie went Tuesday as auto guests of Mr. and Mrs. John Bacon to Malden, where they are to visit at the home of Mrs. William Wing.

Mrs. N. Howard Pease and baby son are at the Seaver home, where they expect to make a two-months' visit.

Word has been received by Henry J. Miller that the body of his son, Private Franz W. Miller, who was killed in France has arrived in New York. The body will be taken to Danielson, Conn., for burial.

The Leominster Rangers will play the Townsend team here this Saturday afternoon at three o'clock.

The choir of the Highland Baptist church of Fitchburg held a picnic at the Dudley farm on last Saturday. Trucks left the church at ten o'clock in the morning and carried the picnickers back to Fitchburg last in the evening. The outing was in charge of Mrs. Elizabeth Towle, the director of the choir. Swimming and boating were enjoyed and basket lunches were served at noon and in the evening. Although there were no organized sports nor any scheduled events a good time was thoroughly enjoyed by about fifty young people.

Miss Ellen Gates, of Nashua, is visiting her grandmother, Mrs. Henry Goring.

Mrs. Gordon Cleveland and two children are visiting at the home of Mr. and Mrs. Laban Naas.

Obituary.

Mrs. Abbie Frances Rolfe aged eighty-seven years, who recently died at her home in Concord, was well known in Townsend, being the daughter of the late Deacon Henry Winchester, who formerly lived at the Leeman place on Townsend hill. They also lived at the Baldwin house at the Harbor. Her late husband, to whom she was married in 1856, was a teacher of what used to be known as the academy at the Center.

Mrs. Rolfe was widely known and beloved. She was for forty-four years president of the Middlesex County W. C. T. U. She also took an active interest in other work throughout the state, at one time being alms-house visitor for the State Board of Charities. She was one of the first persons in the state to develop district nursing and started her work in Ayer fifty years ago.

Besides her two sons, who are eminent in the educational field, she leaves an only daughter, Mrs. Cole, wife of Prof. Cole of Harvard university. Four grand-daughters also survive her.

When living in Townsend Mrs. Rolfe was prominent in church work and an active officer of the Congregational Ladies' Benevolent society. Since living in Concord she had returned to town on several occasions and given profitable lectures.

Art. 8. To see if the town will vote to establish a maximum rate of pay per hour for men and teams employed in town work.

Death.

The funeral of Arthur Glonet was held on Monday morning at St. Anthony's church, Rev. Ermin Morin officiating. A large number attended the services as Arthur was a general favorite. A large number of floral pieces covered the earth about his grave, the last that his friends could do for him. His mother arrived Sunday, about noon, from her home in New Brunswick. The bearers were Ralph Griffin, Albert Glonet, Horace Reed, David Thomas, Orrel Pont-Briand and Peter Thomas. Burial was in St. Anthony's cemetery.

Arthur, who was eighteen years of age, was drowned while bathing in the mill pond at the Samson Cordage Works at about seven o'clock last week Thursday evening. He, with others, entered the water shortly after supper and was probably seized with cramps. Reuben Landry caught hold of him but was not strong enough to hold him up, and as he was in danger of being pulled under also, had to let Arthur go.

A crowd soon gathered and older men dived, but could not locate the body. Charles H. Ware, Jr., had the gates lowered and Fred Smith and Thomas Burrill in a boat grappled about for the victim, who recovered the body fifty-five minutes after Arthur went down. Dr. Thomas Lally was present and everything was done to restore life. The pulmotor was brought from Ayer, but the body had been too long in the water.

Arthur was the youngest son of Mrs. Joseph Lantagne, of Athol, N. B., and leaves a sister, Mrs. Augustus Chanson, of Canada; four brothers, Patrick, with whom he lived; Maxim and Camille, of this town; a half-sister, Mrs. Samuel Bodah, of this town, and two half-brothers, Augustus, of Fitchburg, and Joseph, of Canada.

Mrs. Glonet worked in the spinning room at the Samson Cordage Works.

Center.

Mrs. Christine L. White of Allston, spent a few days last week at the home of her mother, Mrs. Abbie Longley.

Mrs. Elmer Hubbard, of Princeton, spent last week Friday with Mr. and Mrs. John W. Farrar. She was accompanied by her son Chandler, who remained for a short visit with Mr. and Mrs. Farrar.

The Catacumbe Camp Fire Girls left last Saturday for Dunstable, for a week's vacation at a camp there. They were accompanied by their guardian, Miss Mildred Evans.

Mrs. Arthur Stumpus and daughter Theodora are staying at the home of Mr. and Mrs. John C. Ayers for a few weeks.

Stephen Webster, of Waltham, conducted the service at Trinity chapel last Sunday afternoon. His father, Rev. Francis E. Webster, of Waltham, will occupy the pulpit on Sunday.

Mr. and Mrs. Edward G. Adams and family, of West Roxbury, spent the week-end at the Adams home on Center road.

Thomas H. Evans, of Hazen road, has purchased a Ford touring car.

David B. Marsh started on Tuesday the work of renovating the interior of the town hall, for which a special appropriation was made at the last town meeting.

Mr. and Mrs. Edmund Kent Arnold of Manchester and Boston announce the engagement of their daughter Lois to Stanwood Knowles Bolton, son of Mr. and Mrs. Charles Knowles Bolton of Center road.

Elmer E. Wilkins, of Woodville, spent the week-end with relatives in Arlington and Boston.

Mr. and Mrs. Norman R. Graves, Earl A. Graves and A. A. Adams attended the Middlesex County Farm Bureau picnic on Wednesday at the Middlesex school grounds in Concord.

Rev. Howard A. Bridgman, who has been on a trip to California, is expected to return home this week.

Mr. and Mrs. Kennison, of Princeton, were guests on Monday at the home of Mr. and Mrs. John W. Farrar.

Clifford Thompson, who is living at the home of Mr. and Mrs. David B. Marsh, is ill with scarlet fever.

Mrs. Marion L. Hartman, who recently underwent an operation at the Clinton hospital, has returned home from the hospital and is reported to be gaining rapidly.

At the meeting of the Grange on Tuesday evening the program for the lecturer's hour was in charge of the music committee and the executive committee. The following excellent program was given: Vocal solo, Mrs. Eva Hatch; piano duet, Mrs. Gertrude Farnsworth and Miss Hazel E. Cummings; reading, Mrs. Ella Blenkhorn; vocal solo, Miss Phelan; mandolin solo, Charles E. Bradford; selections by a quartet consisting of Charles E. Bradford, Kenneth Longley, Mrs. Bessie Buxton and Mrs. Eva Hatch.

If there are a sufficient number of letters from this part of the town who wish to attend the special town meeting on July 23, and if they will notify the selectmen of their intentions, transportation will be provided for them.

The President Suspend Company band gave an excellent concert on Wednesday evening in front of the town hall. The attendance was the largest ever seen here at a concert, it being estimated that about 100 automobiles were parked about the common.

The First Parish Branch Alliance will meet at the First Parish church on Thursday afternoon, July 28, at 2:30. Prof. Herbert L. Willet, who attended Adirondack college for three years will be present. He will be accompanied by Haratune Passjian, a native Armenian, who is one of thirty survivors of a massacre of 800 men. They will speak to the meeting on the subject of "Near East Relief."

Norman Fletcher, pastor of the First Parish church, is staying at the home of Mrs. Anna F. Blenkhorn.

Forum.
The third season of the Shirley Center Forum will open on Sunday evening, July 24, when Hon. Charles H. Adams, of Melrose, will speak on "Town government." Mr. Adams has served six terms as mayor of Melrose, including the whole period of the world war, and has always been active in Melrose affairs, serving on the finance committee and also as chairman of the park commission. He also represented Melrose in the legislature for four terms, serving as chairman of the committee of ways and means for two years. He was appointed by Governor Coolidge upon the state commission on the neces-

saries of life and served during its work. By Governor Guild he was appointed to investigate the whole subject of tuberculosis in Massachusetts and was also appointed to the state commission to locate and build three state hospitals for consumptives. He has also been a member and vice chairman of the State Board of Charity, under Governors Bates, Guild, Foss and McCall. The greater part of his life has been devoted to public service and he should be able to handle the subject of "Town government" in an able manner.

The meetings of the Forum start at 7:30 in the evening and are open to all, free of admission. It is hoped that not only the local people will take advantage of these meetings, but that there will be a good attendance from the surrounding towns. At the close of Mr. Adams' address there will be a short period for questions and discussion of his subject.

Unitarian Notes.

Services at the First Parish church at eleven o'clock Sunday morning. Minister, Norman D. Fletcher, subject of sermon, "Letter and spirit in human experience." The letter of Paul, "The letter killeth and the spirit giveth life" are of great importance because of their universal application. The minister will use these words as the text for the sermon, and will apply them to various phases of human experience.

It was announced from the pulpit last Sunday that the coming meeting of the Alliance, on July 28, Prof. Herbert L. Willet and Horatune Passjian, one of the thirty survivors of an Armenian massacre, would be the speakers on the subject, "Near East Relief." Members and friends of the Alliance are asked to remember this date.

The minister preached last Sunday afternoon at the White Ribbon House in Ayer, a home for aged women.

Neighborhood Club.

A little Neighborhood club is being started at the Center, the preliminary meeting having been held at Miss Winslow's last Monday afternoon. The purpose of these gatherings will be purely social and to promote the community spirit by getting better acquainted with one another. Summer residents come here every year and remain for several months without much neighborly meeting or acquaintance. We mean to be friendly and social with each other and the all-year residents, and the club, if nothing is done and we go back to the cities again with very little interest in the community outside of ourselves. This year we are going to try a new plan and come together quite informally each week, have a cup of tea and a social hour. There will be no officers and no program for "improving the mind." (The Grange, the Alliance and the Altruistic club all attend to that.) Our purpose is merely to know each other better and to talk over neighborhood affairs as they present themselves.

Miss Hazel MacKay, Mrs. Snow and Miss Harriet Winslow will serve as a committee to arrange for the hospitality end, and for a time, anyway, these gatherings will be held at the old Whitney home, 215 Main street in Winslow, that being perhaps the most central place. Later other invitations will be accepted. The meetings will be held weekly, Monday afternoons at 3:30, and all the neighborhood women and guests are invited to attend without further notice—the "neighborhood" being approximately considered as covering the region between Mrs. Lewis Farnsworth's and Pound hill.

Mrs. Bradford, Margaret Bradford and Mrs. Avery will be hostesses on next Monday at the first regular meeting, and it is hoped that a large attendance will be in evidence. Come, bring your work—and your babies if you want to!

Schools Are Making Filipinos
An English Speaking Race

This is the type of schoolroom that is rapidly making an English speaking nation out of the 10,500,000 inhabitants of the Philippines.

If a teacher in a public school in the Philippines desires to punish a child, she doesn't have to apply the ruler. She simply sentences the offending pupil to remain away from school a few days!

This is the most severe punishment she can inflict, for Filipino children take an almost abnormal pleasure in going to school and acquiring an education. The all-Filipino legislature, in response to the popular demand for "schools, and still more schools," is constantly increasing its appropriations for education, but the schools can scarcely be constructed fast enough to care for the ever-increasing enrollment. The school enrollment is now 892,000 without any compulsory attendance laws. When Dewey sailed into Manila Bay there were 2,100 private schools in the islands. Today there are 6,500 schools and colleges, with 17,000 Filipino teachers and about 1,000 other teachers, 341 of whom are Americans.

The University of the Philippines is the center of learning of the entire Orient, and is the pride of the Filipino people. It has an enrollment of 3,500 students. Santo Tomas university of Manila, older than Harvard, is another famous seat of learning.

The school system includes normal schools, agricultural colleges, twenty-seven farm schools, a nautical school and a school for the deaf and blind.

The Filipino pupil, in addition to learning English and in addition to his regular studies, learns basket making, embroidery and hat weaving, the trades peculiar to the islands, as well as the domestic sciences and pedagogy. There are more positions than can be filled by the trade school and coming in merical college graduates. The trade and agricultural schools produced \$1,170,850 worth of goods in 1919.

There is nothing that the Filipino people take more pride in and that

they are more grateful to the United States for, than their school system, which has been declared by many competent critics to be one of the finest in the world. While the system was implanted in the islands by Americans, every cent of the cost has been cheerfully borne by the Filipino people. The schools are making an English speaking race of the Filipino nation. English is the official language, and it is declared will continue to be when independence is granted.

"The Filipino boys and girls are well balanced, docile and industrious

University of the Philippines which has an Enrollment of 3,500 Students.

pupils," says Junius B. Wood, who was sent to the islands by the Chicago Daily News to investigate conditions there. "To attend school is a privilege to a Filipino child or young man, not an unwelcome duty. In the cities those who work days go to school at night."

"Today there is hardly a barrio where youngsters cannot be found who speak English. One-third of the house of representatives and eighteen of the twenty-four senators speak English. In the next election, in 1922, the young men of the new schools will be stepping into control, and the first great goal of the public school system will have been reached."

A Passing Landmark of Old Manila

This is a photograph of the famous old Bridge of Spain, Manila. It is now a departed landmark of the Philippines, for its place has been taken by one of the finest bridges in the entire Orient, the new Jones bridge.

The Jones Bridge is named in honor of the late Congressman W. A. Jones of Virginia, author of the Jones law of 1910 which promised the Filipinos independence upon the establishment of a stable government.

The old Bridge of Spain is called "the mother of Manila's bridges." The original bridge was built of pontoons sometime between the years 1590 and 1600, being known as the Bridge of Boats. The stone bridge shown above was built about 1630. It was twice damaged by earthquakes, and was once partly demolished by a flood.

PRESS COMMENT
ON PHILIPPINES

The Philippine!

(Shenandoah (Pa.) Post.)

Our idea of the Philippine question is to get out as quickly as possible and stay out. What do you say?

Our Little Brown Cousins

(Argus, Rock Island, Ill.)

There is no mistaking that Filipinos want their independence. And it is just possible, as they insist, that they in the islands, better than we Americans over here, are the best judges of whether they are fitted for independence.

The United States wants no outburst in the Philippines as England faces in Ireland. The easiest way to head off a rebellion is to give the

islands their independence before they have cause to rebel.

Shall We Let Philippines Go?

(Cedar Rapids (Ia.) Republican.)

The United States cannot continue to hold the Philippines unless this nation wants to give the lie to its own professions in the matter. The United States must keep faith with the world. The American people do not want the Philippine Islands to become their Irish question.

Filipinos Are Making Headway

(Mt. Vernon (O.) Republican-News)

The Filipinos are making an intensive and intelligent campaign for independence. They are urging their claims with shrewdness and vigor. They declare that they have proven beyond question that they are capable of self-government, and they believe that with independence the Filipino will so conduct himself as to gain the respect of the world.

The cities of the United States will be rid of the loafers when cities stop feeding loafers.

There isn't much question about bootleggers making something while the moonshines.

"THERE'S DEATH IN THE POT"

A Celebrated London Doctor Used the Above to Emphasize the Danger of Overeating. Worse Than Overeating Failure to Eliminate Waste.

Nature could not devise a way to feed and repair the body without the production of considerable waste matter. But Nature provided for the regular, thorough elimination of such waste. To disregard her intention is to break a natural law. Whether you help Nature by wise or foolish means is left to your own judgment. To simply force bowel movement is unwise, unnatural and ineffective. You can choose harsh, drastic, violently acting drugs or take such without caring what their action or effect is, or you can select some old time-proven, trial-tested remedy, that has been used for 70 years or more by thousands of people all over the world, with the result that it has won an enviable reputation as a reliable household remedy. Take Beecham's for example. All the world knows Beecham's is a goodly part of the world uses Beecham's, has been using it for years, handing it down from father to son, from mother to daughter, for generations after generation, recommending it to others. In spite of such extensive and general use who ever heard complaint or criticism of Beecham's? That in itself is a powerful recommendation. Don't take anything for granted. Reason it out. All druggists sell Beecham's and are glad to sell them. Beecham's reputation has been made by its users not by its sellers.

MAKE COMPOST HEAP FOR USE IN GARDEN

Start By Laying Down Bed of Fresh Stable Manure

Organic Rubbish, Decayed Vegetables, Dead Vines, Weeds, and Other Truck May Be Used—Size Plot Necessarily Varies.

(Prepared by the United States Department of Agriculture.)

Garden waste, decayed vegetables, dead vines, weeds, and the organic rubbish that collects about the place during a busy summer may be cleaned up and put to work again through the agency of a compost heap. Start the heap by laying down a bed of stable manure which has not been burned or heated. The size of the plot will vary with the amount of refuse to be used; for ordinary uses, if the bed is made 8 feet long, by 6 feet wide and 2 feet deep it will serve the purpose. Over the manure spread a two-foot layer of refuse and cover it with another layer of manure. This last layer need be only a foot in thickness. Re-

peat the layers until all the waste has been disposed of and then cover the whole with a layer of earth.

If it is desired to add to the heap from time to time the top layer may be opened and the new material emptied into the hole thus made. This is convenient for the suburban home where there is no animal to consume the kitchen waste. In the spring the heap is well mixed with a fork and the compost is ready to be spread on the garden plot. The heating manure will effectively destroy any weed seed present and will also break down the structure of most of the materials that have been thrown upon the pile. The process may be continued indefinitely by simply adding enough manure to insure heating. Compost is especially valuable for use in hotbeds and coldframes.

CLEANING UP INSECT PESTS

Many of Hibernating Species May Be Destroyed in Winter By Cleaning Up Obscure Corners.

Much can be done now to reduce the possibility of insect plagues next summer if a little effort is directed toward the destruction of insect shelter areas. Around the grounds and gardens, under hedges, beside ditches, and in fence corners are bunches of insect-sheltering weeds or grass. By the time cold weather approaches many kinds of insects in the adult or immature stages have taken full advantage of these nooks and hidden away there for the winter. The bureau of entomology, United States Department of Agriculture, says that if these spots are cleaned up and the refuse cut and burned, many of these hibernating insects will be destroyed and the damage from such pests during the coming season will be materially lessened.

PROVIDE BATH FOR POULTRY

Chickens Cleanse Themselves by Wallowing in Soil and Dust Box Should Be Accessible.

Chickens never wash, as many other birds do, but cleanse themselves by wallowing in soil. Where board or cement floors are used in the chicken house, some means for dusting should be provided during the winter months, say poultry specialists of the United States Department of Agriculture. For a flock of 50 to 60 fowls a dust box 3 by 5 feet or 4 by 4 feet will generally be found large enough, and should be placed where it can be reached by sunlight during as much of the day as possible.

Fine, light, dry dust is the best kind with which to fill the box, but sandy loam is good. Road dust is recommended by many, but it is apt to be filthy. Coal or wood ashes may be mixed with the soil if desired.

FARM FOR CENSUS PURPOSES

Is All Land Which Is Farmed by One Person, Either by His Own Labor or With Assistance.

According to the 1920 census there are 6,449,993 farms in the United States. A "farm" for census purposes is all the land which is directly farmed by one person, either by his own labor alone or with the assistance of members of the household or hired employees. When a landowner has one or more tenants, renters, croppers or managers, the land operated by each is considered a "farm."

Anyhow, it's great weather for the corn.

Many are called but only one gets the nomination.

If the paper shortage hits Germany there will be a "financial" panic.

Another thing an advertising man knows is how to get publicity for himself.

The guy who is always accusing the opposition of boodling will bear watching.
