

Studebaker

Always Ready

From the moment a Studebaker (Flanders) "20" is delivered, you have a car ready to go on the job. It will stand up to its work day in and day out—take the hills and rough places as cheerfully as the smooth, and the only care it asks is lubrication.

Studebaker cars are built for honest everyday service, and will give you service—not excuses. You can start on the longest journey in full confidence that you will finish as strong as you began.

Mechanical stability, beauty of design, simplicity of control, low price and low upkeep cost combine to make the Studebaker "20" an ideal car.
